|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| TERMINATION OF TRADING | <p>Trading terminates at 9:30 a.m. ET on the 3rd Friday of the contract month.</p> <p>TACO trading terminates at 9:30 a.m. ET on the Thursday before the 3rd Friday of the contract month.</p> <p>BTIC trading terminates at 4:00 p.m. ET on the Thursday before the 3rd Friday of contract month.</p> <p>TMAC trading terminates at 4:00 p.m. ET on the Thursday before the 3rd Friday of the contract month.</p> |
| TAM OR TAS RULES       | Trade Marker at Close (TMAC) is subject to the requirements of Rule 524.D. TMAC trades off a "Base Price" of zero to create a differential versus the daily Marker at Close price on the underlying futures contract month. The TMAC clearing price equals the daily Market at Close price of the underlying futures contract month plus or minus the TMAC transaction price.                                      |
